## BALI 5.4

## Our project

**MIM Ocean** is a new charter fleet born from the union between Lionel Messi and Med Cat Yachts, which starts with three Bali 5.4 units from the French shipyard Catana. The first two can accommodate between 10 and 11 guests in four double cabins and one triple cabin, while the third consists of four double cabins, and one of them is much larger: a large owner's cabin.

The fleet is based in the Balearic Islands during the summer, operating in all of its islands, with the possibility of sailing to Corsica and Sardinia for charters lasting more than a week. In winter, the fleet sails to the Caribbean and Bahamas, where it operates from December to April, being closer to their owner, who also shows his image on the headsail, bearing his characteristic number 10.

All the boats are equipped to offer the maximum comfort on board and complementary activities, such as water-skiing, wakeboarding, two seabobs per catamaran, high-performance tenders, an anti-jellyfish pool, etc...
